## Experience

---

### Self Employed

*Freelance Developer* | *St Albans, Hertfordshire* 03/2020  
to Current

- Executed scripts to communicate with back-end servers and provide real-time updates.
- Communicated with and gathered feedback from customers about progress updates and worked to resolve specific concerns.
- Established hosting for each website and completed go-live process by uploading sites to host account.
- Built site from scratch, designing and coding it. Some PHP used too.

### DBD

*Appliance Installer* | *Hemel Hempstead, Hertfordshire*  
02/2016 to 10/2020

- Tested appliance parts with hand instruments such as multimeters.
- Instructed customers on how to properly operate, care for and configure appliances.
- Disassembled broken and defective equipment to facilitate repairs.
- Improved customer satisfaction by finding creative solutions to problems.
- Recognized by management for providing exceptional customer service.
- Provided excellent service and attention to customers when face-to-face or through phone conversations.
- Delivered appliances to customer locations.
- Improved operations by working with team members and customers to find workable solutions.
- Demonstrated self-reliance by meeting and exceeding

English Literature (C) GCSE

Maths (C) GCSE

Science (C - Double Award) GCSE

workflow needs.

- Worked closely with team members to deliver project requirements, develop solutions and meet deadlines.

### **M&M Logistics Ltd**

*Removal Technician | Wokingham, Berkshire 01/2012 to 05/2018*

- Operated manual and mechanical equipment safely to minimize injury and accident risks.
- Secured items in truck by strapping over protective padding.
- Planned and followed most direct route to save time and mileage on company trucks.
- Organized efficient daily work plans based on oral instructions and written directions to meet challenging objectives.
- Followed customer instructions about placement of items and special considerations for handling.
- Protected items by wrapping in cling film, padded moving blankets and tape.
- Drove truck safely to deliver items in original condition to destination.
- Considered individual product requirements and accessibility needs to maximize efficiency of warehouse storage areas.
